

Laney R. Mills
Physics and Astronomy

1997 Distinguished Teaching Award

Laney R. Mills received a B.S. and B.A. from Southwestern at Memphis, and an M.S. and Ph.D. from Louisiana State University. He joined the Physics and Astronomy Department at the College of Charleston in 1971. Mills' research interests include chaos, nonlinear systems, and climate modeling. He recently spent a year at the National Center for Atmospheric Research (NCAR) in Boulder, Colorado.
