

COLLEGE *of* CHARLESTON

Summer School Payment Policy¹

Academic Affairs

In introducing the Bachelor of Professional Studies (BPS) program, we set summer school pay for courses in the BPS program at \$4,500 for current faculty. We would like to modify this pay scale to set summer school pay for current faculty at 7.5% of their base salary for any course taught for the College of Charleston (subject to the usual guidelines on enrollments for summer school courses).

Retired faculty teaching at the North Campus any semester will continue to receive \$4,500.
